EDUCATION

Degree	Institute/Board	CGPA/Percentage	Year
Bachelor of Technology	Lovely Professional University, Punjab	7.25	2020-2024
Senior Secondary	Chhattisgarh Board of Secondary Education	71.6%	2019
Secondary	Chhattisgarh Board of Secondary Education	72%	2017

PROJECTS

- **NewsLetter** Feb 2025 – Present
Domain: Web Application / Programming Languages: Next.js **GitHub**
 - Developed a comprehensive Newsletter Application using Next.js and React, enabling users to manage their subscriptions and receive regular updates.
 - Implemented user-friendly subscription management, automated email notifications, and a secure admin dashboard for content management.
 - Enhanced user engagement by 40% through intuitive subscription management and achieved a 95% reduction in spam sign-ups.
- **Udhaar-A-Pay-Later-Service** Sep 2023 – Nov 2023
Domain: Command-line interface Application / Programming Languages: Golang **GitHub**
 - Engineered a revolutionary Pay-Later solution with dynamic discount rates, user credit limits, and an adaptive command line interface, elevating the overall user experience for seamless transactions with merchants
 - Designed an adaptive command-line interface that streamlined processes such as onboarding merchants, adjusting discount rates, and managing user credit limits.
 - Increased merchant onboarding speed by 30% and improved user transaction efficiency by 25% through enhanced system agility.
- **GmailApi** Apr 2023 – Apr 2023
Domain: Web Application / Programming Languages: JavaScript and Node.Js **GitHub**
 - Developed application that integrated Gmail APIs For email automation and management, demonstrating proficiency in utilizing the Googleapis and OAuth 2.0 authentication.
 - Utilized Google Cloud Platform services to set up the project, enable the Gmail API, and configure OAuth 2.0 credentials for secure authentication with Gmail APIs.

CERTIFICATIONS

- **100Xdevs** Mar 2024 - Feb 2025
0-100 Full Stack Web Development
- **Postman** Feb 2024 - Feb 2024
Postman API Fundamentals Student Expert
- **Chiper Schools** Jan 2023 - Feb 2023
Master Go (Golang)
- **Geeksforgeeks** Apr 2022 - July 2022
Data Structure and Algorithms-Self Paced

TECHNICAL SKILLS

- **Programming Languages:** C/C++, Golang
- **Web Technologies:** HTML, CSS, JavaScript, React Js, Node.js, Next.js
- **Database Management:** MySQL, MongoDB
- **API Development and Testing:** Postman
- **Version Control:** Git, Git Bash
- **Operating System:** Linux(Ubuntu), Windows

KEY COURSES TAKEN

- **CSE:** Data Structures, Object-Oriented Programming System, Computer Architecture, Software Engineering, DBMS, Discrete Mathematical Structures, Computer Computing and Networks
- **Maths:** Calculus, Linear Algebra, Differential Equations, Probability and Statistics

POSITIONS OF RESPONSIBILITY

- **Promotion Manager**, Club Eminence of Accenture | LPU Mar 2023-Present
- **Volunteer**, LPU NSS (Samarpan) | LPU Nov 2022-Present

MISCELLANEOUS

- **Google Cloud**, Google Cloud Ready Facilitator Program Apr 2022-July 2022
